WORK EXPERIENCE

Web Developer & UX Designer *Jan. 2026 – Present*

Algonquin College, Ottawa, Hybrid

- **Conceptualized and engineered** an interactive digital report (microsite) synthesizing benchmarking data from **10+ Canadian post-secondary institutions**.
- **Synthesized complex analytical data** into a user-friendly web experience, managing the entire lifecycle from data processing to UI/UX design and React development.
- **Deployed and maintained the project on AWS** cloud infrastructure, ensuring high availability and seamless performance across all devices.
- Utilized **AI-augmented workflows (Lovable, Cursor)** for rapid prototyping, significantly reducing the time from data visualization concepts to production-ready React components.

Junior Web Developer *Aug. 2024 – Sept. 2025*

Unique, Ottawa, Remote

- Developed a complete Shopify e-commerce site using Shopify **Liquid, HTML, CSS, and JavaScript**.
- Migrated 800+ products to Shopify Store, ensuring accurate organization, consistent branding, and improved search visibility.
- **Troubleshot front-end issues**, optimized code and site performance, improving load times, responsiveness, and accessibility.
- Implemented **SEO** best practices (meta tags, alt attributes, semantic HTML) and performance optimizations - increased organic search traffic by 74% within 3 months (client analytics).

Interactive Media Designer, Co-op *May 2025 – Aug. 2025*

Canadian Association of Occupational Therapists (CAOT), Ottawa, Remote

- Designed and launched **two marketing-focused websites** (100th anniversary and advocacy).

- Demonstrated advanced skills in building **accessible**, user-centered interfaces by designing layouts, page structures, and interactive prototypes in **Figma** according to **WCAG** and CAOT accessibility guidelines.
- Built and customized **Squarespace** websites using **HTML, CSS, and JavaScript** to expand functionality beyond standard templates.
- Improved key UI components, resulting in better **usability and accessibility**.
